Ordering Details

Product Code	Large Diameter Lengths (")	Shell Colour
SRCA	10BB, 20BB	White
 SRCA-10BB		

Packaging	SRCA-10BB	SRCA-20BB
	6 at 9kg	6 at 18kg

Features & Information

- Calcite resin cartridges are the perfect solution when neutralising the pH of acidic water.
- High uniformity coefficient for maximum contact.
- Dissolves slowly to release calcium carbonate which neutralises pH.
- Up-flow to agitate media.
