

RESIN - GENERAL PURPOSE DI

Product Specification

DEIONISING RESIN

100°C

sfwt.eu/srdi

Ordering Details

Product Code	Product Code	Measure (litres)	Pallet Quantity
SRDI	RESIN	25L	PALLET
SRDI	—	RESIN	—
		—	PALLET

e.g. SRDI-RESIN-25L-PALLET

Packaging	1 bag	1 pallet
	21kg	42 bags at 882kg

Features & Information

- Used primarily in the window wash industry for spot-free rinse the SPECTRUM SRDI resin achieves water quality of 10 megohms coupled with low conductivity values making it ideal where high quality water is required - typically providing quality of 0.1 microsiemens/cm
- SPECTRUM SRDI is a mixed bed cation/anion type resin
- Removes mineral content, impurities and TOC from water to produce pure water economically
- Low conductivity is achieved by the resin mix of type 1 strong acid cation and strong anions
- SRDI-RESIN-25L from SPECTRUM comes double bagged to prolong and maximise life
